When sending the sample, please do not add additional contamination to the foreign body (e.g. adhesive tape). Instead, wrap it in a fuzz-free cloth or put it in a plastic bag, then put it in a plastic container. Please select the type, size and colour of the container so that it differs significantly from packaging and filling materials in the package.

- The sample may be entirely used up
 The sample may be cut up

- The sample may be partly used up
 The sample consists of individual fragments

Sample:

Where found:

Further details:
